Friday, February 26, 2010 — 8:00 AM - 4:00 PM

Non Profit Managers, Civic Leaders, Activity Directors, Social Workers,
Volunteer Managers, and all others whose professions
will benefit from this educational opportunity.

\$99 for 12 Continuing Education Hours or 1.2 CEUs

Every non profit, public agency or health care facility is stressed by reduced funds, inadequate manpower or changing needs. Everyone wants and needs volunteers to sustain their organizational goals but not everyone has the skills to maintain an engaged and productive board, committee, volunteer or fund raising assistant. Volunteer managers can help build the capacity of their organization by learning the expertise needed to manage unpaid staff and establishing ethical, best practices to lead their service partners.
